How to Login to ePIRATE
This tutorial shows the ePIRATE login process for both ECU and non-ECU users.

You will only be able to login if you have completed the ePIRATE registration process and received a notification indicating that your registration has been processed.

If you have not registered for an ePIRATE account, a tutorial on the applicable registration process (ECU and non-ECU users) can be found on our “How Do I?” website.

Please note that for non-ECU users there is a special process used the first time they login or request a password reset. A tutorial on these processes can also be found on our “How Do I?” website. The current tutorial assumes that this first-time login process has been completed.
Navigate to the UMCIRB website

The information on this slide is applicable to both ECU and non-ECU affiliated individuals. Access to the initial login page works the same for all ePIRATE users.
