INDIVIDUAL INVESTIGATOR AGREEMENT
INSTRUCTIONS

If an investigator is not affiliated with East Carolina University (ECU), Pitt County Memorial Hospital (PCMH) or another assured institution, he or she must complete an Individual Investigator Agreement. This form recognizes that some investigators are not affiliated with ECU, PCMH (or another assured institution) but wish to conduct research at ECU and/or PCMH. This form provides guidance for the investigator regarding the conduct of human subject research at these institutions.

The Individual Investigator's name must be provided as well as information about the research study with which he/she is associated.

The Individual Investigator should sign on the second page after reading and agreeing to the listed regulatory and human subjects protection items. The UMCIRB office prefers original signatures on this form. The address and credentials of this investigator should be completed as well.

This completed agreement should be sent to:

University and Medical Center Institutional Review Board
4N-64 Brody Medical Sciences Building
600 Moye Boulevard
Mail Stop 682
Greenville, NC 27834-4354

After the Institutional Official signs this agreement, a copy will be forwarded to the principal investigator to maintain with their regulatory documents.
